_____	_____	Maintenance Agreement
_____	_____	Plats: 1 reproducible copy (11x17)
		4 bluelines

A revised preliminary plat must be signed by all owners of record, and by the surveyor, engineer, or technical support.

Attach a letter which lists each condition of preliminary plat approval and individually state how each condition has specifically been met. In cases where documentation is required, such as an engineer's certification, State Department of Health certification, etc., original letters shall be submitted. Blanket statements stating, for example, "all improvements are in place" are not acceptable.

A complete revised preliminary plat application must be submitted no less than 60 days prior to expiration date of the preliminary plat.

When all application materials are submitted to FCPZ, and staff finds the application is complete, staff will submit a report to the governing body. The governing body must act within 30 days of receipt of the revised preliminary plat application and staff report. Changes to the approved preliminary plat may necessitate reconsideration by the Planning Board.

I certify that all information submitted is true, accurate and complete. I understand that incomplete information will not be accepted and that false information will delay the application and may invalidate any approval. The signing of this application signifies approval for FCPZ staff to be present on the property for routine monitoring and inspection during the approval and development process.
